The Cadillac Navigation Store is your official online source for CTS GPS navigation system map updates. The CTS update features fresh data that helps improve routing accuracy and fuel economy. These optimizations complement the many benefits of your in-vehicle navigation system. Unlike cell phone apps that feature small screens and even smaller buttons, the CTS navigation system is designed for driving.

Many Cadillac vehicles are equipped with a navigation system. Because points of interests, such as restaurants, hotels and gas stations change, the navigation system requires an update from time to time. In addition, roads may change due to closings and new construction. There is no specific navigation update interval; instead, GM periodically issues update discs.
