In jazz though, we try to go for more of a chromatic sound. This is a fundamental technique when creating cool jazz chord progressions. You'll find this in most advanced jazz chord progressions piano lessons. So, we usually change this chord to a dominant seventh chord. Not only that, but we also usually add altered tensions to this chord.

Adding alterations creates more tension and dissonance which adds interesting colour and strengthens the sense of resolution in a progression. The lesson on altered jazz piano chords guides you through the first step in learning altered voicings. The 9th can either be sharpened or flattened to get the #9 or the b9.
