American Amnesia: How the War on Government Led Us to ...

American Amnesia: How the War on Government Led US to Forget What Made America Prosper by Jacob S. Hacker and Paul Pierson “American Amnesia” is a much-needed refresher of what truly made America great and what we can do to restore a well-functioning government that promotes shared prosperity. Political Science professors Hacker and Pierson join forces once again to provide the public with the virtues of the greatest invention in history, the mixed economy.

American Amnesia: Business, Government, and the Forgotten ...

In American Amnesia, bestselling political scientists Jacob S. Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America’s prosperity. We have largely forgotten this reliance, as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was.

In the past, government and business were as much partners as rivals, resulting in broad-based growth and healthy social development. But advocates of anti-government market fundamentalism are intent on scrapping the instrument of nearly a century of unprecedented economic and social progress. Hacker and Pierson examine why what's good for American business elites and what's good for Americans have become misaligned.

A “provocative” (Kirkus Reviews), timely, and topical work that examines what’s good for American business and what’s good for Americans—and why those interests are misaligned. In *American Amnesia*, bestselling political scientists Jacob S. Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America’s prosperity. We have largely forgotten this reliance, as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was. “American Amnesia” is more than a rhetorical phrase; elites have literally forgotten, or at least forgotten to talk about, the essential role of public authority in achieving big positive-sum bargains in advanced societies. The mixed economy was the most important social innovation of the twentieth century. It spread a previously unimaginable level of broad prosperity. It

enabled steep increases in education, health, longevity, and economic security. And yet, extraordinarily, it is anathema to many current economic and political elites. Looking at this record of remarkable accomplishment, they recoil in horror. And as the advocates of anti-government free market fundamentalist have gained power, they are hell-bent on scrapping the instrument of nearly a century of unprecedented economic and social progress. In the American Amnesia, Hacker and Pierson explain the full “story of how government helped make America great, how the enthusiasm for bashing government is behind its current malaise, and how a return to effective government is the answer the nation is looking for” (The New York Times).

From the groundbreaking author team behind the bestselling Winner-Take-All Politics, a timely and topical work that examines what’s good for American business and what’s good for Americans—and why those interests are misaligned. In Winner-Take-All Politics, Jacob S. Hacker and Paul Pierson explained how political elites have enabled and propelled plutocracy. They trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America’s prosperity. Like every other prospering democracy, the United States developed a mixed economy that channeled the spirit of capitalism into strong growth and healthy social development. In this bargain, government and business were as much partners as rivals. Public investments in education, science, transportation, and technology laid the foundation for broadly based prosperity. Programs of economic security and progressive taxation provided a floor of protection and business focused on the pursuit of profit—and government addressed needs business could not. The mixed economy was the most important social innovation of the twentieth century. It spread a previously unimaginable level of broad prosperity. It enabled steep increases in education, health,

longevity, and economic security. And yet, extraordinarily, it is anathema to many current economic and political elites. And as the advocates of anti-government free market fundamentalist have gained power, they are hell-bent on scrapping the instrument of nearly a century of unprecedented economic and social progress. In *American Amnesia*, Hacker and Pierson explain how—and why they must be stopped.

Analyzes the growing divide between the incomes of the wealthy class and those of middle-income Americans, exonerating popular suspects to argue that the nation's political system promotes greed and under-representation.

"The Man Who Ended War" by Hollis Godfrey. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion

Read PDF American Amnesia How The War On Government Led Us To Forget What Made America Prosper

spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

The author re-examines the actions taken by the 94th Congress and many American citizens which forced South Vietnam's surrender, bringing about an immense tragedy for Southeast Asians and haunting the American political landscape to this day.

This book illuminates the evolution of Quaker war tax resistance in America, as told by those who resisted and those who debated the limits of the Quaker peace testimony where it applied to taxpaying. Among the writers featured in this documentary history are Isaac Sharpless, Thomas Story, William Penn, James Logan, Benjamin Franklin, John Woolman, John Churchman, James Pemberton, Joshua Evans, Anthony Benezet, Job Scott, Warner Mifflin, Timothy Davis, James Mott, Isaac Grey, Samuel Allinson, Moses Brown, Stephen B. Weeks, Rufus Hall, Gouverneur Morris, Elias Hicks, Joshua Maule, and Cyrus G. Pringle.

The Secret War Council, Germany's spy organization in New York, received orders from Berlin to stop the flow of munitions through terrorism in January 1915. German agents in the U.S. firebombed freighters on the high seas, incited labor unrest, fomented troubles along the Mexican-American border, and damaged or destroyed dozens of American factories and logistics installations. The German secret war against the United States in 1915, its discovery and publication, combined with the disastrous sinking of the Lusitania in May of that year, did much to prepare the American public to finally accept
