Solution-focused systemic structural constellations for therapy and organisational change. Constellation work is an effective way of externalising and working with problems in family and organisational life. Solution focused practice is the art of building solutions as

simply as possible. The author combines the two and sets out a radical yet gentle form of practice. The pioneering work of the author and her partner Matthias Varga von Kibed is highly influential in Europe and appears here in English for the first time.

After the Moonwalk is a tale of love - as such, a story about desire and definition; conquest, image and illusion; surrender and elegance; freedom; memory and trespass. A lounge, a boudoir, a loft and its window of one thousand tinted tiles, form part of the backdrop for the unlikely cast:

Marie-Antoinette, Scheherezade, Achilles, Elvis Blue, and York. A bibliophilic visitor flounders about, from hotel room to the streets, from time to time, unidentified. There are pasts and revelation; there is a romantic triangle or two, but the geometry is suspect.

With no-holds-barred honesty and poignant storytelling, Nate Larkin introduces a model of community and friendship that is reinvigorating men's ministry across the country, a model he calls The Samson Society. Too many men see the biblical hero Samson as their model for manhood--a rugged

individualist of the highest order. Yet, Samson's solitary successes were eventually overcome by moral weaknesses. Larkin, through the story of his own past and the stories of those in The Samson Society, offers a radical, refreshing alternative.
