Failing Our Brightest Kids argues that the United States, compared to other countries, has done too little to educate students to the highest levels of achievement--particularly students from disadvantaged backgrounds. This candid and provocative book makes a powerful case that our country can and should do more to fully develop the nation's human capital by providing gifted and talented students the opportunities they deserve.

Failing Our Brightest Kids: The Global Challenge of ...  
Failing Our Brightest Kids: The Global Challenge of Educating High-Ability Students. In Failing Our Brightest Kids, Chester E. Finn, Jr. and Brandon L. Wright argue that for decades, the United States has focused too little on preparing students to achieve at high levels. There are two core problems. First, compared to other countries, the United States does not produce enough outstanding students; and second, children from disadvantaged backgrounds are severely underrepresented among those ...

Failing Our Brightest Kids: The Global Challenge of ...  
Failing Our Brightest Kids provides a comprehensive analysis of the failure to educate American students to high levels. Using international comparisons, Finn and Wright provide clear recommendations and opportunities for action that meet both the challenge and charge of America—educational excellence and equity.

Failing Our Brightest Kids: The Global Challenge of ...  
In their book, Failing Our Brightest Kids, Chester E. Finn, Jr. and Brandon L. Wright argue that America’s efforts to educate high-ability students have fallen dramatically short. This is especially true for talented low-income youngsters, who too often miss out on the opportunity to develop their talents. The Hoover Institution in Washington, D.C. hosted a discussion of how this problem has arisen, what keeps it from being solved, how other countries try to solve it, and the changes ...
