Demonstrates special techniques for sewing with knit fabrics, includes a variety of basic patterns, and shows how to make shirts, cardigans, pants, skirts, swimwear, and activewear

THE user-friendly reference essential for any current or prospective serger owner! Practical, easy solutions for any problem with any serger, no matter what the brand, model, or vintage. Expert-savvy, timesaving tips on serger threading, needles, threads, feet, upkeep, and much more. Comprehensive strategies that help answer "Which serger should I buy?"

For those who have mastered the basics and want a challenge, Serger Secrets provides instructions for adding more than 50 techniques to the sewers arsenal. Complete with troubleshooting tips and dozens of inspiring photographs of completed garments, Serger Secrets is guaranteed to bring out the creativity in any designer.

Sewing Activewear: How to make your own professional-looking athletic wear takes you through all the fundamentals and then move you to the next level. So that you will be fully equipped and empowered to create your own workout wardrobe-that is both functional and stylish.

The ultimate coverstitch guide to help you master the coverstitch machine and create beautiful, professional-quality, garments. Fully illustrated step-by-step instruction on everything from hemming knits to jeans making and sewing underwear. Includes chapters on accessories, needles, thread and troubleshooting.

This reference revolutionizes serger sewing with creative approaches, by combining decorative threads with contemporary construction methods. The guidelines are clear and innovative.

Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.

One of the most successful books of the past decade is back in a new printing (the first-ever printing by Drawn & Quarterly). Just in time for the new century! The New York Times Book Review called Jar of Fools "...a lovely, short 'picture novel' exploring the tenacious bond between an alcoholic stage magician and his cranky mentor". Jason Lutes' formidable skills as an artist and writer are in evidence here in his first book as he relates the story of Ernie Weiss, a former magician haunted by the death of his escape-artist brother and a failed romance. With the recent release of Berlin: Book One, this new edition of Jar of Fools will serve as an excellent introduction to the early work of Jason Lutes.
