international organizations, such as the United Nations, European Union, and others, to ensure mutual survival and safety. These measures include military action and diplomatic agreements such as treaties and conventions. International and national security are invariably linked. International security is national security or state security in the global arena. With the end of World Wa

"security": an extreme version of politicization that enables extraordinary means to be used in the name of security. Issues that become securitized do not necessarily represent issues that are essential to the objective survival of a state, but rather represent issues where someone was successful in constructing an issue into an existential problem. Securitization theorists assert that
