First, a big thanks to Raoul-Gabriel Urma, Mario Fusco & Alan Mycroft for being here to promote the book Modern Java in Action: Lambdas, streams, functional and reactive programming.

* Winners: Modern Java in Action: Lambdas, streams ...

How to implement JavaFX event handling using lambda in Java? Java 8 Object Oriented Programming Programming JavaFX Button class provides the setOnAction () method that can be used to set an action for the button click event. An EventHandler is a functional interface and holds only one method is the handle () method.

How to implement JavaFX event handling using lambda in Java?

In Modern Java in Action, readers build on their existing Java language skills with the newest features and techniques. The release of Java 9 builds on what made Java 8 so exciting. In addition to Java 8's

lambdas and streams, Java 9 adds a host of new features of its own.

Modern Java in Action: Lambdas, streams, functional and ...
Java 8 in Action is a clearly written guide to the new features of Java 8. It begins with a practical introduction to lambdas, using real-world Java code. Next, it covers the new Streams API and shows how you can use it to make collection-based code radically easier to understand and maintain. It also explains other major Java 8 features including default methods, Optional, CompletableFuture, and the new Date and Time API.
