In a series of penetrating and alarming essays, whose centerpiece is a commentary on the events of September 11, 2001 (deemed too controversial to publish in this country until now) Gore Vidal challenges the comforting consensus following September 11th and goes back and draws connections to Timothy McVeigh's bombing of the federal building in Oklahoma City. When Gore Vidal's recent New York Times bestseller *Perpetual War for Perpetual Peace* was published, the Los Angeles Times described Vidal as the last defender of the American republic. In *Dreaming War*, Vidal continues this defense by confronting the Cheney-Bush junta head on in a series of devastating essays that demolish the lies American Empire lives by, unveiling a counter-history that traces the origins of America's current imperial ambitions to the experience of World War Two and the post-war Truman doctrine. And now, with the Cheney-Bush leading us into permanent war, Vidal asks whose interests are served by this doctrine of pre-emptive

This New York Times bestseller offers “an unblinking view of our national heroes by one who cherishes them, warts and all” (New York Review of Books). In *Inventing a Nation*, National Book Award winner Gore Vidal transports the reader into the minds, the living rooms (and bedrooms), the convention halls, and the salons of George Washington, Thomas Jefferson, John Adams, and others. We come to know these men, through Vidal’s splendid prose, in ways we have not up to now—their opinions of each other, their worries

He also illuminates the force and weight of the documents they wrote, the speeches they delivered, and the institutions of government by which we still live.
