The eponymous problem of political authority is the question of what the distinction between these cases might be – on what basis, if any, might we justify this difference in treatment between the behavior we consider ethically justified from individual actors versus the power we accord to the state.

The Problem of Political Authority: An Examination of the ...

The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey is a book by University of Colorado philosophy professor Michael Huemer released in January 2013.

The Problem of Political Authority - Wikipedia

The eponymous problem of political authority is the question of what the distinction between these cases might be – on what basis, if any, might we justify this difference in treatment between the behavior we consider ethically justified from individual actors versus the power we accord to the state.

The Problem of Political Authority: An Examination of the ...

In part one, Huemer argues that political authority is an illusion, that is, that governments do not actually have some special authority to coerce their citizens to do whatever they want them to do, and associated with that, citizens do not actually have any obligation to obey the governments ruling over them.

The Problem of Political Authority: An Examination of the ...

The Problem of Political Authority Written by Michael Huemer Modern states commonly deploy coercion in a wide array of circumstances in which the resort to force would clearly be wrong for any private agent. What entitles the state to behave in this manner?

In my view, Michael Huemer's new 'The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey' is the best book in the genre." I thought this was hard to believe,...

The Problem of Political Authority: An Examination of the ...

Those who believe in political authority need not hold that political authority is unconditional or absolute, nor need they hold that all governments have it. One could hold, for instance, that the state's authority is contingent on its respecting basic human rights and allowing citizens a certain level of political participation; thus, tyrannical governments lack authority.

The Problem of Political Authority

Professor Huemer, Aaron, and Trevor tackle problems of political obligation, political legitimacy, and political authority, and explain the differences between each of these terms. Show Notes and Further Reading Michael Huemer, *The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey* (book)

The Problem of Political Authority | Free Thoughts Podcast

I've read almost every major work of libertarian political philosophy ever published. In my view, Michael Huemer's new *The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey* is the best book in the genre. What's so great about it? Simple: Huemer scrupulously reasons from widely shared moral [...]

The Problem of Political Authority by Michael Huemer - EconLib

As the title *The Problem of Political Authority* suggests, a central issue in political philosophy is the nature and justification of the authority of the state.
