The Revolt by Douglas Bond is set in 1300s England and centers around John Wycliffe. I was enthralled with this story because of all the facts I learned from that time period. I kept telling my husband all the tidbits I learned because I was so excited. haha Even though the book centers around John Wycliffe, he isn't the main character. Instead, the book focuses on Hugh West'all and how meeting John Wycliffe at Oxford caused him to think deeper about what it really meant to be a Christian.

The glossary at the end of the book is a great help. I really enjoyed reading “Revolt”. It is very entertaining and at the same time highlights intercultural issues and views from different angles, opening eyes (to characters within the story but also to the readers) on how prejudice can be overcome.

In 1620, Feng Menglong expanded the novel to forty chapters from the original twenty. A work in the shenmo genre, the novel blends comedy with the supernatural, and is an early work of vernacular fiction. The story is very loosely based on Wang Ze's failed 1047–48 rebellion during ...

The Revolt The Revolt retells the story of the 12th Century queen of France and England, Eleanor of Aquitaine.
