Where To Download The Truth About Great White Sharks

for the great white shark, the largest and most feared predatory fish on Earth? Sy Montgomery and Keith Ellenbogen report on this thrilling turning point in marine research and travel to Guadeloupe, Mexico, to get up close and personal with the sharks. This daring expedition into the realm of great whites shows readers that in order to save the planet and its creatures, we must embrace our humanity and face our greatest fears.

The definitive text on one of the world's foremost predators

Great white sharks have been

Where To Download The Truth About Great White

Sharks cruising the world's oceans for over 400 million years. With up to 3,000 teeth, a mouth that can open up to 4 feet wide, and weighing up to 5,000 pounds, it's no wonder this shark rests at the top of the ocean's food chain. Engaging facts and chilling photography teach readers what makes this shark so great.

Watch out for the great white shark! This high-interest book is sure to hook the attention of readers as they're introduced to this bloodthirsty hunter. Readers will learn about the great white's diet, anatomy, and

Where To Download The Truth About Great White

Sharks behavior. They'll also learn how great whites help the ocean environment, and how humans cause more harm to great whites than great whites cause to humans. Readers will love the fun fact graphic organizer that rounds out their knowledge of the subject. Vivid photographs illustrate engaging text in a dynamic pairing that will grab readers' interest and keep them reading.

"Big bodies. Razor-sharp teeth. Crushing jaws. Great white sharks are some of the most feared sharks. Some people say they seek out people as food. But this is

Where To Download The Truth About Great White Sharks

Attacks on people are very rare. Some people say great whites live only in warm waters. This is a myth too! You can't believe everything you hear! Readers will bust more myths about these top ocean predators, and discover why the protection of these amazing creatures is so important"--

For most people, sharks and fear go hand in hand.

Renowned photographer and conservationist Chris Fallows maintains a more nuanced relationship with the superpredator. Gasp-inducing in their immediacy and surprise, Fallows's brilliant photographs

Where To Download The Truth About Great White Sharks

present these mighty creatures in a different light. Great White the first publication to collect Fallows's work reveals the sublime beauty of sharks and provides a rare glimpse into the largely unseen world of great whites, hammerheads, and other breeds. Fallows captures these fearsome creatures both above water, as they intersect with humanity, and below, in their mysterious underwater domain. A one-of-a-kind portrait of the shark and a superlative study of the nature photographer's art, this book is bound to turn heads and elicit a deep appreciation for the

Sharks creatures that inhabit our oceans.

"A fictional, idealized life story of boxing champion Jack Johnson, here called Jack Jefferson. Acting as a lens focused on a racist society, *The Great White Hope* explores how segregation and prejudice created the demand for a 'great white hope' who would defeat Johnson and how this, in turn, affected the boxer's life and career."--From publisher's website.
