The West Indies is a subregion of North America, surrounded by the North Atlantic Ocean and the Caribbean Sea that includes 13 independent island countries and 18 dependencies and other territories in three major archipelagos: the Greater Antilles, the Lesser Antilles, and the Lucayan Archipelago. The subregion includes all the islands in the Antilles, plus The Bahamas and the Turks and Caicos Islands, which are in the North Atlantic Ocean. Nowadays, the term West Indies is often interchangeable

West Indies - West Indies - Colonialism: England was the most successful of the northwestern European predators on the Spanish possessions. In 1623 the English occupied part of Saint Christopher (Saint Kitts), and in 1625 they occupied Barbados. By 1655, when Jamaica was captured from a small Spanish garrison, English colonies had been established in Nevis, Antigua, and Montserrat.

I am a Lecturer in Zoology at the The University of the West Indies, Trinidad. Much of my work centres around Trinidad and Tobago's freshwater rivers and streams, and their biodiversity. My research interests include behavioural ecology, invasive species, patterns of biodiversity and aquatic ecology.
